(text box response)

Response Guidance

Provide a clear and concise description of the business and the product/service/visitor experience it provides.

Include the vision and the values of the business to help set the scene for later questions.

Assume the judge has no prior knowledge of the business, so take them on a journey of how and when it began, where the business is located or where the services are provided, who works in the business, etc.

As the judges may not be familiar with the business – and your submission may be judged nationally by judges that are not from your state/territory – explain everything from the ground up including;

BUSINESS EVENT VENUES

- *History*
- *Size/scale of business*
- *Business structure*
- *Location/Map*
- *Involvement in tourism industry.*

Clearly demonstrate your eligibility by aligning with the category criteria to ensure that there is no misunderstanding as to why you have entered this category. The judges (and auditors) need to understand how the business fits into the category; therefore, be sure to include a clear explanation.

Highlight the business's points of difference and what makes it stand out from others. Consider the amenities, products, services, or facilities that enhance visitor satisfaction.

1.1.B. Provide visual evidence to support your answer.

File Name	Description of Evidence (up to 10 words)	Evidence Attachment

Response Guidance

Identify your top 2–3 business visitor markets (e.g., corporate travellers, MICE delegates, industry conference attendees, incentive groups, trade visitors).

Target markets are the specific groups of business visitors and event stakeholders that a venue aims to attract and serve through its marketing. These markets may include corporate travellers, conference delegates, event planners, industry associations, government agencies, and incentive groups. Each target market has distinct needs, behaviours, and decision-making processes that influence how they select a venue. Understanding these characteristics allows the business to tailor the delegate experience accordingly.

BUSINESS EVENT VENUES

Demonstrate how the business event venue tailors its products/service/visitor experience to effectively reach and engage the target market.

(?) Target Market Characteristics

For the target market characteristics, consider the following:

- **Type of clients** (e.g., corporate teams, conference delegates, association event planners, government agencies, incentive groups)

Outcomes achieved during the qualifying period.	<i>E.g. an increase to website traffic by 21% which generated an increase in online bookings by 30%</i>

Response Guidance

Provide between 2-5 examples.

A marketing strategy is a planned, coordinated initiative with a measurable objective, targeted audience, supporting research, defined activities, and evidence of impact. Single actions (e.g., one social post or one email) would not qualify as a strategy.

It is recommended that you include examples that differ from any of the improvements you have included in Q2.1.

- *Higher number of leads*
- *Attract new customers*
- *Improve customer retention*
- *Increase online engagement*
- *Expand into new markets*
- *Optimise ROI*
- *Highlight new features/experiences*

General statements such as "increase awareness" or "improve engagement" will not score strongly unless supported by measurable outcomes.

(?) Target Market

- *Market demand data*
- *Regional or state destination research*
- *Competitor analysis*

This helps judges understand the evidence-based decision making behind the strategy.

Consideration during the research phase as to how the strategy aligns with local, regional or state destination/marketing plans/strategies would be seen favourably. For example: regional positioning statements or destination marketing strategies, campaign themes, target markets, product pillars.

(?) Outcomes

Provide measurable results achieved from this strategy during the qualifying period only.

Outcomes should clearly show the impact of the strategy against the stated objectives.

Where intended outcomes were not fully achieved, outline any learnings or adjustments made.
