Scoring

There are three components to the judging process which will determine your overall score:

- Consumer vote (25%)
- Customer review (ReviewPro GRI) (10%)
- Submission review (65%)

Below are more details on each component.

Consumer Vote (25%)

All entrants that receive a score of 75% or higher in the Submission Review will be deemed a finalist and proceed to the consumer voting component of the award process, which will be hosted on www.westernaustralia.com.

To incentivise voting, a winner will be selected and receive a \$5,000 credit with the WA Visitor Centre to spend on a holiday in WA. A second prize of a \$500 RAC Parks & Resorts voucher will also be offered. The winning towns' itineraries will be offered as a preferred trip for the winning voter.

Customer Review (ReviewPro GRI) (10%)

To gain a perspective from visitors that have visited and experienced the town, a GRI from ReviewPro will form part of the entrant's score.

A GRI is an online reputation score based on review data collected from over 175 online travel agencies. Businesses will offer a number of accommodation and attractions within their town (dependent on which category they are entering) and the GRI from each will be combined then averaged to determine the entrant's GRI score.

Submission Review (65%)

A panel of three experienced judges will review the written submission (including article, video and itinerary) and score individually.

These scores are combined and averaged out to determine your submission review score.

Below is the weighting for each question and tips for entrants on what the judges will be looking for:

Tips for Entrants

- Your three elements must all relate back to the target market.

- The judges or consumers may not know your town or city. Your editorial should be written so that judges and consumers are excited to visit your town/city.
- Do not use acronyms unless you include the full name in brackets following it.

- Your itinerary should be achievable and able to be provided for visitors at all times, not just for your submission.
- The itinerary submitted will be suggested to the winners of the consumer promotion so ensure that you are able to provide this.
- You can use any means available to you to create your video, whether it is with a video camera, webcam, iPhone or Go Pro. You may also create a slide show using high-quality images and voice over or music. No budget is required, just your imagination.
- The video should show some of your major attractions or experiences that visitors can experience in your town/city and should include visitors enjoying those attractions and experiences.
